

Cambridge Technicals Level 3 (2016) funding guide

Following its review of post-16 qualifications and below, the Department for Education (DfE) confirmed its aim of developing a new streamlined qualifications system for students aged 16 and over. To enable this, post-16 level 3 vocational qualifications in England are currently undergoing major reform with many existing Level 3 qualifications losing their funding.

The table below shows the last first teach dates for each of our Level Cambridge Technicals (2016) qualifications. Where applicable we've included the Cambridge Advanced National (AAQ) that will replace de-funded qualifications. Where there is a blank, there is no replacement Cambridge Advanced National (AAQ).
